Monday – Friday or Sunday

\$40 per person (20 guest min./40 guests max)

Please note that these private wine tastings take place in our tasting room or under our covered pavilion and are subject to availability of our staff and the room. All private wine tastings held inside the tasting room can only be scheduled outside of our normal business hours.

For groups of 40+, inquire about pricing and availability. These events of 40+ guests would be hosted in our large event space (White Barn).

BAR OPTIONS

During all events, the tasting room bar can be open for wine and beer sales and staffed with our helpful bartenders at no additional charge. Due to state laws, no outside alcohol is permitted on the property. Please note that liquor, such as hard alcohol, is not available at this venue and Indiana law does not allow for an outside vendor to serve alcohol on our premises or for guests to carry-in their own alcohol. All alcohol consumed on the property must be purchased from our venue.

Open Bar = \$27/person

Our unlimited open bar option allows for an open bar for 5 hours. This includes all alcoholic and non-alcoholic drinks for your guests for 5 hours. The \$27/person includes all taxes and gratuity. Guests can choose all drink selections from the bar (both alcoholic and non-alcoholic), along with a drink station of non-alcoholic beverages that include tea, lemonade and water. Bar drinks are served in glassware and drink station is supplied with plastic glassware, ice, and sugar packets for tea. Please note that our Open Bar drinks are served by the glass only from our tasting room bar (no flights or bottles). Full bottles of wine to be placed on guest tables can be purchased at an additional cost.

Consumption Bar = \$ Per Drink Consumed

A consumption bar is available, and cost is assessed based on the number of drinks your guests consume. Non-alcoholic drinks would be a separate cost, but soft drinks could be included in the consumption bar options that guests can order at the bar. With this option, the paying party puts a credit card on file at the beginning of the event and settles the bar tab at the end of the event or once they desire for the consumption bar to be closed and moved to cash bar. We do require that non-

alcoholic drinks (at least water) be provided to guests at no expense for the duration of the night either through a caterer or by purchasing our Unlimited Beverage Option.

Cash Bar = Guests pay per drink

The bar is open and guests can purchase drinks at their own expense (cash or credit card). We do require that non-alcoholic drinks (at least water) be provided to guests at no expense for the duration of the night either through a caterer or by purchasing our Unlimited Beverage Option.

Additional Drink Options

Unlimited Beverage Option (non-alcoholic) = \$85/drink

Our non-alcoholic unlimited beverage service includes dispenser of beverage, cups, ice, sugar packets, creamer, mugs, etc. (depending on the drink of choice). The winery staff will setup the beverage table and keep the drinks refilled throughout the entire event. Tea, lemonade and coffee are available as part of the unlimited beverage service. Water is available at no charge if purchasing an unlimited beverage option. We recommend checking with your caterer before purchasing this option, in case it is already included in their cost.

Private Outdoor Bar + Cocktail Tables = \$250

We will staff our outdoor bar with 1-2 bartenders for a private bar experience during your event (for up to 3 hours). We will also setup cocktail tables on the lawn/pavilion + outdoor appetizer table setup if desired. Please note that we will work with you on selections for this outdoor bar but some drinks, such as ciders on tap and slushies, will only be available at our tasting room bar.

Custom Labeled Wine = \$500

Add a special touch to your day with custom labeled wine. Select one of our wines to be served on your special day. Our in-house graphic designer will create a custom label to match your business or event graphics (or you are welcome to design your own - provided a template). This includes 24 custom labeled 750ML wine bottles. The wine can either be served at the tasting room bar, placed on the guest tables, or given as gifts to staff/guests. All unopened wine can be taken home by the client at the end of the event. Please inquire about current availability of wines for custom label as not all varieties are available year-round. Additional bottles (over the 24 bottle minimum) can be purchased for \$20/bottle.

Wine Glassware on Guest Tables = \$1.25/glass (+\$.75/glass filled)

All alcoholic drinks are served from our tasting room bar, but if wine bottles are desired to be available on guest tables, glassware will be needed at each place setting. The winery can provide and place wine glasses (champagne style, or stemmed/stemless wine glass) at each place setting for an additional fee. This is often desired for a champagne toast. If you are purchasing bottles of wine in advance to be set on guest tables, we are happy to keep them chilled and will place on the guest tables at a scheduled time.

If filling glassware at each place setting with wine/champagne for a toast during the event is desired, our winery staff can accommodate by providing staff to not only place the bottles of wine on each table but to fill each glass with the selection of your choice. This requires an additional \$.75/glass to have staff on hand for this (1) time table service during the event.
